

THE PRIEBE FAMILY FOUNDATION

SCOUTING STEM SCHOLARSHIP AWARD

The Scouting STEM scholarship was established by the Priebe Family Foundation in 2016. The Foundation's commitment to Scouting and their desire to support higher education for Eagle Scouts resulted in a \$10,000 annual scholarship for an Eagle Scout attending college to study a Science, Technology, Engineering and Math (STEM) related field. The annual scholarship recipient is selected by Three Harbors Council following a competitive application process. The selection criteria includes leadership activities, school accomplishments, community and Scouting involvement.

Adhyan Prasad - 2021

Aaron Prinz - 2020

Luke Miller - 2019

Evan Davis - 2018

Ryan Davis - 2017

John Kloser - 2016
